Project table (lead partners)

All partners table

The 'Projects table (lead partners)' shows the list of lead partners (in most cases there is only one lead partner per project, hence this table roughly shows the list of projects). There is also the 'All partners table'. Click on any entry (any project) of these tables to get to the details of the project. Or click "Export to excel" below the table in order to get all the details of all projects meeting your search criteria (if exporting the All partners table also all details on all partners will be exported).

Project - Improving governance, management and sustainability of rural and coastal protected areas and contributing to the implementation of the Natura 2000 provisions in IT and GR

Programme: 2007 - 2013 Greece - Italy (EL-IT)
Theme: ENVIRONMENT and CLIMATE CHANGE
Keywords: Climate change and biodiversity Tourism Governance, partnership

Description:
• BIG general objective is to improve governance, management and sustainable valorization of coastal and rural protected areas and contributing to the implementation of the Natura 2000 provisions in Greece and Italy. The sub-objectives are:
• Strengthening and improving cooperation among regional administrations to further monitor Natura 2000 species and habitats and to set environmental measures for the next programming period (networking, setting common standards, creating databases and setting measures based on the updated biodiversity status).
• Setting cross-border strategies and supporting decision-makers for management and valorization of protected areas and Natura 2000 sites.
• Developing actions for the management and valorization of pilot rural and coastal ecosystems that consists of on-the-ground interventions in the parks of both countries and/or Natura 2000 sites.
• Promoting sustainable tourism in protected areas via networking, implementation of concrete actions and transfer of best practices.
